

1730 sialac

For long life in industrial lacquer sanding applications

For long life in industrial lacquer sanding applications

1730 sialac stands for long lifetime with constant quality. Suitable especially for hard varnishes in industrial use.

- ▶ Superior surface quality when sanding on industrial paint systems
- ▶ Consistent performance throughout the life of the product
- ▶ Perfect surface finishes thanks to TopTec

Product profile

Grit type:	Silicon carbide
Grit range:	P180 - P800
Backing:	e-wt paper
Coating:	Electrostatic open
Bonding:	Resin over resin
Technology:	TopTec

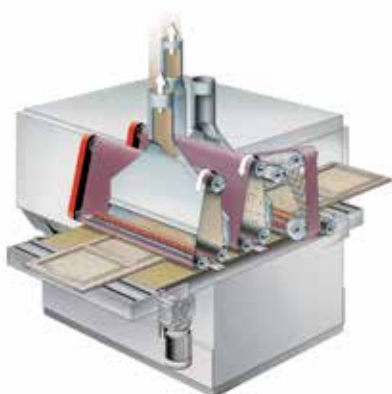

Applications

- Intermediate sanding on industrial varnishing systems
- Final sanding as preparation for painting

Materials

UV lacquer; PU lacquer; Melamine sheet

Use

TopTec – technology for perfect surfaces

- Controlled grit coating
- Dust-free operation
- Superior belt joints
