

for a perfect finish

The clever technology of 7940 siaair is the key to a perfect finish in wet and dry sanding applications – whether it's scuffing, fine sanding or preparation for polishing.

Advantages

- High stock removal rates and excellent finish
- Low clogging thanks to wet sanding
- Extremely long lifetime
- Highly adaptable to contours, curves and profiles
- Pressure-equalising foam gives perfect surface finish
- Waterproof and washable
- Resistant to silicon remover

Applications

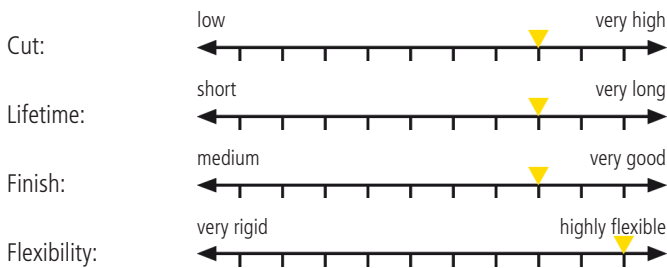

- Matt finishing of conventional old and new varnishes as well as composite materials
- Fine sanding of primer filler in hard-to-reach areas
- Producing a matt finish for blending
- Preparation for polishing on high-gloss surfaces

Product profile

Grit type: Aluminium oxide
 Backing: Knitted fabric with foam backing
 Coating: Special process
 bonding: resin over resin

Properties

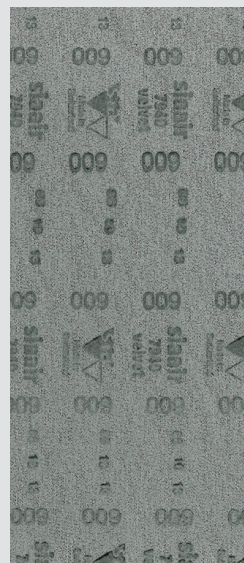

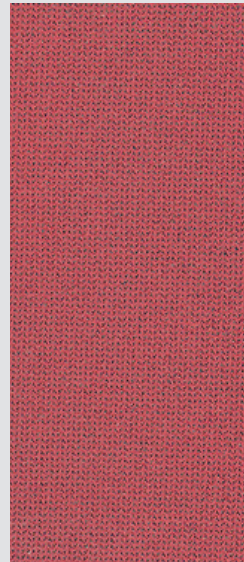

The following properties refer to the materials used in the main application:

Materials

Colour; Varnish; Old lacquer; Gelcoat polyester; Plastics; Acrylic glass (Plexiglass); Primer filler; Composite
