

# 6270 siamet SCM LS

Longer lasting, faster finishing

### Longer lasting, faster finishing

The new 6270 SCM range with high-performance blue fired aluminium oxide grain and improved low stretch scrim helps deliver longer lifetime and faster working in both discs and belts.

- ▶ Excellent and consistent finish over a long period of time
- ▶ Suitable for general use in dry and wet sanding applications
- ▶ Low-stretch belt
- ▶ More durable so more resistant on edges
- ▶ Much less smearing tendency than existing products; especially at the edge of the disc when working at tight angles

#### Product profile

Grit type:	Aluminium oxide / blue-fired
Backing:	Nonwoven
Coating:	Mechanical
bonding:	Resin over resin

#### Applications

- Deburring
- Removal of rust and paint
- Removing discolouration
- Surface treatment
- Finishing to prepare for coating and electroplating

#### Materials

Unalloyed / low-alloy steel; High-alloy steels; Non-ferrous metal; Aluminium

#### Use
