

the versatile paper-backed abrasive belt for steel and non-ferrous metals

1820 siamet achieves high stock removal rates and long life while producing an excellent finish in applications ranging from deburring and material removal through to structuring and final sanding. A further advantage: the impact free belt joint.

Advantages

- Excellent surface quality
- A versatile all-round product
- Impact-free belt joint

Applications

- Removal of rust
- Removing discolouration
- Sanding down
- Surface treatment
- Deburring
- Smoothing and blending of flaws
- Structuring and final sanding

Product profile

Grit type: Zirconia alumina
 Backing: f-wt paper K040 – K080
 f-wt paper P100 – P400
 Coating: Closed
 bonding: resin over resin
 Coating: Cooling additive

Properties

The following properties refer to the materials used in the main application:

Materials

Unalloyed / low-alloy steel; High-alloy steel; Non-ferrous metals
