Coated abrasives

Classic flexible abrasives and systems for conventional surface treatment on all types of material.

Nonwoven abrasives

Nonwoven products for preparation and cleaning tasks and for surface finishing, especially on metal.

Microabrasives

Products on special polyester film to give defined surface structures in the areas of graphics, optics and the auto industry.

Foam abrasives

Foam sanding pads in the widest possible range of shapes and grades for precision sanding on wood, fillers, paintwork and varnish.

sia Abrasives offers the full range of Coated Abrasives. Ask us for other high quality abrasives.
